Country Clipper Brand X	Feature	
X	1 Patented FLIP UP DECK	ON ALL MODELS
X	2 ONE HAND JOYSTICK steering standard	ON ALL MODELS
X	3 Welded Deck construction (No Stamped Decks)	ON ALL MODELS
X	4 Cast iron heavy duty spindles (Stronger than aluminum)	ON ALL MODELS
X	5 Large heavy 10 gauge deck spindle reinforcement plate	ON ALL MODELS
X	6 Heavy triangular bullnose reinforcement - 7 guage (much stronger than bars, pipes, or straps)	ON ALL MODELS
X	7 Heavy 1 1/8" Spindle Shafts (many brands use 1" or smaller)	ON ALL MODELS
X	8 Flat Top Decks (no recesses to trap trash)	ON ALL MODELS
X	9 Three Spindle Decks (gives uniform tip speed for uniform cut)	ON ALL MODELS
X	10 Heavy Gauge Trim Reinforcement (Left side of deck won't bend in)	ON ALL MODELS
X	11 Dual Antiscalp Wheel Brackets (No bent antiscalp wheels)	ON ALL MODELS
X	12 Front AND Rear Antiscalp Wheels	ON ALL MODELS
X	13 Wider Antiscalp Wheels (5" wide - not 3" sud mounted)	ON ALL MODELS
X	14 Automatic Spring Loaded Belt Tension (provides proper belt tension all the time - no adjustment necessary)	ON ALL MODELS
X	15 Machined Cast Iron Spindle Pulleys (Gives longer wear - better belt life than stamped steel pulleys)	ON ALL MODELS
X	16 4 Point <u>Full Floating Deck</u>	ON ALL MODELS
X	17 Full Front and Rear Baffles (Gives cleaner cut & better spread)	ON ALL MODELS
X	18 Greasable Spindles	ON ALL MODELS
X	19 Pressure vented greasable Spindles (Protects against blown seals)	ON ALL MODELS
X	20 Heavy Steel Belt Guards (won't bend or break if stepped on)	ON ALL MODELS
X	21 HI-Gloss Powder Coat Finish (stays bright & shiny for years)	ON ALL MODELS
X	22 Right Hand Control Center (<u>ALL</u> controls at your fingertips)	ON ALL MODELS
X	23 Electric Deck Clutch	ON ALL MODELS
X	24 Auxiliary Parking Brake	ON ALL MODELS
X	25 Deluxe Kevlar Belts (Hydro drive & Deck Drive) (Long Belt Life)	ON ALL MODELS
X	26 Spring Loaded Hydro Drive Belt (Automatic Tension) (no adjusting)	ON ALL MODELS
X	27 Hydro Cooling Fans (Cooler Hydrostats - Long Life)	ON ALL MODELS
X	28 Pneumatic Front & Rear Tires	ON ALL MODELS
X	29 Wide Drive Tires (for softer ride)	ON ALL MODELS
X	30 Greasable Front Castors	ON ALL MODELS
X	31 High Density Plastic Fuel Tanks (no rust)	ON ALL MODELS
X	32 Laminated Steel Deck (stronger than one piece)	ON ALL MODELS

X	33 Oversized Rear tires (less soil compaction & softer ride)	ON ALL MODELS
X	34 Single fuel Tank (only one tank to fill - no valve to switch)	ON ALL MODELS
X	35 Inboard Fuel Tank (not subject to punctures like exterior tanks)	ON ALL MODELS
X	36 Ball End Tie Rods (on all control link ends) - pins and clevises get sloppy	ON ALL MODELS
X	37 Soft Foam Arm Rests (many brands have hard armrests or none)	ON ALL MODELS
X	38 Commercial - Industrial Engines - No cheap throwaway engines	ON ALL MODELS
X	39 Vertical Shaft Power Plants - Simplest Design (No Jack shafts or angle drive adaptors to wear out)	ON ALL MODELS
X	40 Foot Assist Deck Lift - Standard (Not on Jazee One)	ON Most MODELS
X	41 Large Fuel Fill Cap (easy no-spill filling)	ON ALL MODELS
X	42 Spring Loaded Seat (sized to operator size - not stiff & rigid)	ON ALL MODELS
X	43 Fore & Aft Seat Adjustment (easy adjustment to fit operator)	ON ALL MODELS
X	44 Soft Ergonomic Seat (not hard dense foam - softer ride)	ON ALL MODELS
X	45 Heavy Gauge Welded Steel Frame (not light stamped uni-body)	ON ALL MODELS
X	46 Under Seat Fuel Tank - Lower Center Of Gravity (Better Stability)	ON ALL MODELS
X	47 Fuel Level Sight Gauge - Easy At-A-Glance Fuel Detection	ON ALL MODELS
X	48 Belt Drive Decks - Simple Design - No Expensive Gear Boxes - No Expensive Drive Shafts - No U-Joints	ON ALL MODELS
X	49 Easy Height Adjustment - Pin/hole Adjustment -Allows Deck to be Lifted Without changing Pin Adjuster	ON ALL MODELS
X	50 Anti-Tip over - Integral Part of Frame (limits how far mower can tip up)	ON ALL MODELS
X	51 Flip up Foot Platform - Deck Access (easy belt access - except JaZee One)	ON Most MODELS
X	52 Top Side Spindle Grease Zerks (Easy to Get to)	ON ALL MODELS
X	53 Heavy Gauge Deck Baffles (won't rust out & bend like thin ones)	ON ALL MODELS
X	54 Simple, Bolt on - Plug In Light Kit Option	ON ALL MODELS
X	55 Standard Trailer Hitch (you can pull rollers, sprayers, trailers, carts, etc.)	ON ALL MODELS
X	56 19,000 Feet Per Minute Blade Tip Speed (commercial standard to achieve best clean cut)	ON ALL MODELS
X	57 High Back Seat (not cheap pan type unit)	ON ALL MODELS
X	58 Round End Decks (many brands have decks with angled or boxed corners which catch & build up trash)	ON ALL MODELS
X	59 Direct Deck Drive (some brands have a belt which comes to a jack shaft & another belt going to the cutting spindles)	ON ALL MODELS
X	60 Hand Lever Deck Belt Tension Release (no tools needed to remove belts)	ON ALL MODELS
X	61 Large, Quiet Mufflers	ON ALL MODELS
X	62 Heavy Cast Iron Lifting Pivots (not thin plates that wear oblong holes quickly)	ON ALL MODELS
X	63 Spring Assisted Deck Lift (requires less effort to adjust deck height)	ON ALL MODELS
X	64 Heavy Duty Steel and Rubber Deflector Shield	ON ALL MODELS
X	65 Powder Coat Urethane Finish Body Panels (more durable high-gloss stays shiny & resists chips - no cheap plastic)	ON ALL MODELS
X	66 Family Owned Company (NOT a branch of a division of a wholly owned subsidiary of a holding company which owns 6 different brands)	
X	67 MADE IN U.S.A. - WITH U.S.A. COMPONENTS	
X	68 All SAE Fasteners	
X	69 Over Twenty Years Experience Building Zero Turn Mowers - Since 1985 (15 years building other brands)	

X	70 Company Started By A Farmer In The 1960's (40 plus years experience with metal forming equipment)	
X	71 Articulating Front Axle on all Commercial Models (Deck Floats with the axle - less scalping and gouging)	
X	72 Solid Steel Deck Lift & Pivot Bars - no chains	ON ALL MODELS
X	73 Quick Links on Deck Attachment Points (no tool deck removal in seconds/minutes)	ON ALL MODELS ON ALL MODELS
X	74 Bolt & Lock Nuts provide precise deck adjustment at all four deck attachment points (many brands have chain links that quickly wear)	ON ALL MODELS
X	75 Precision Round Holes at Deck Adjustment Points (no slotted holes that can let deck slip out of adjustment)	ON ALL MODELS
X	76 Extra Wide Discharge Chute (less clumping provides an even discharge in tough conditions)	ON ALL MODELS
X	77 Deep 5" Deck Design Provides Better Cut & Flow	ON ALL MODELS
X	78 K.I.S.S. Design Throughout (keep it simple)	ON ALL MODELS
X	79 Low Maintenance - NO Maintenance	ON ALL MODELS
X	80 Pressurized Engine Lubrication - for long life	ON ALL MODELS
X	81 Spin On Oil Filters (easy changing - long life)	ON ALL MODELS
X	82 Easy Drain Oil Drain (oil drains into pan on ground - not all over & around the frame)	ON ALL MODELS
X	83 Hour Meter - Know Don't Guess When to Change Oil	ON Most MODELS
X	84 Engine Choices - Briggs, Kawasaki or Kohler	ON Most MODELS
X	85 Removable Deflector Shield - mower stores in a tighter space	ON ALL MODELS
X	86 Deflector shield can be removed and put back on with no tools.	ON Most MODELS
X	87 Dual Element Industrial Air Filters	ON Many MODELS
X	88 No Cables (cables rust up, bind up & have clevis ends that get sloppy)	ON ALL MODELS
X	89 Electric Start	ON ALL MODELS
X	90 No Gear Boxes (Very expensive and difficult to repair)	ON ALL MODELS
X	91 No Drive Shafts - Also expensive	ON ALL MODELS
X	92 No U-Joints (Also Expensive & Difficult to Repair)	ON ALL MODELS
X	93 No Complicated Springs, Shocks, or Suspension Parts - which need to be set for operator size, break, wear out (suspension systems are needed on vehicles to maintain surface contact and control at high speeds - the faster you go the stiffer the suspension must be - look at race cars!	ON ALL MODELS
X	94 Deluxe Full Suspension Seat Available	ON ALL MODELS
X	95 Commercial and Residential Models available (Commercial models are built to take the toughest abuse Residential models are built to last a lifetime)	
X	96 Five Different Models - To Fit Any Size Lawn

- 108 You Get What You Pay for - The purchase of a Country Clipper Mower (or any type of equipment) Is composed of Three elements, They are:
1. PRICE - What you end up paying
 2. QUALITY - How durable and well built it is
 3. SERVICE - Factory Warranty & Backup, plus Dealer's product knowledge, warranty service, pickup, delivery, loaner availability, parts availability, etc. and the costs related to these services. Does the dealer carry product or sell from a catalog? Are these services included or extra? Increasing or decreasing one of these will have a direct effect on one or both of the other two - either increasing or decreasing them. For example, with higher price comes **higer quality** and/or **better service** and vice versa. **YOU DO INDEED GET WHAT YOU PAY FOR!**
- 109 Accessories are available for most models such as: mulching kits, headlight kits, push blades, snow blowers, roll bars, and vacuum wand
